Quarterly reports were reviewed from the Auditor and Recorder. No questions were made, and Barnett ordered to be place on file.

Board reviewed Services Agreements with eForms Manager and DocuWare for related IT projects.

IT Director Sara Trepp explained that the county is working to make access to forms/permits easier for the citizens of Butler County. This process will allow for individuals to complete forms online without having to print, sign, scan, and send back to the county. This will not replace the option of printing and sending a form with a check, but it will offer an easier/updated option in which to fill out the forms and make payment. Barnett moved to approve the services agreement, second by Heidenwirth. All ayes. Motion carried.

Finals Progress Vouchers for 2021 HMA projects were considered. County Engineer, John Riherd explained that he will have ex-

act numbers for next week. Eddy motioned to table until next week, second by Barnett. All ayes. Motion carried.

He explained that we now need to be on a qualified bridge list in order to receive and use federal aid to fix bridges. Barnett inquired about a bridge near Unverferth Manufacturing that he has received questions about. It was explained that said bridge will most likely begin in the Fall of 2023 or early 2024.
